☒ Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Claims 9-13, 15-19, 21-24, 31 and 32 are allowable for the reasons presented by applicant in the remarks of April 26, 2004. In particular, the Rule 132 Declaration filed January 7, 2004 by Manabu Mizobuchi shows in the Figure that the catalyst having platinum and rhenium works significantly better for the conversion of CO than each of the catalysts having only platinum or only rhenium. Accordingly any case of prima facie obviousness over Ou et al or Clawson et al has been rebutted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Wayne Langel at telephone number 571-272-1353.
